About Solaris

Solaris' investment team believes there are opportunities in both value and growth stocks. Solaris has no consistent bias towards either value or growth stocks. Therefore, their style can be described as 'style neutral' or 'style agnostic'.

Stock selection is Solaris' main area of expertise. Using fundamental analysis, Solaris selects stocks to exploit market inefficiencies in forecasts and valuations. Investment decisions are supported by detailed analysis of the securities and key financial markets with an eye on global perspectives. Solaris applies strict risk controls to minimise the downside risk.

Solaris Australian Equity Long Short Fund

The Fund aims to provide investors with long and short exposure to an actively managed, diversified portfolio of listed Australian securities. The Fund will maintain a net exposure of between 70% - 100%, with a maximum of 40% of short positions.

Investment objective

The Fund aims to outperform the S&P/ASX200 Accumulation Index by taking both long and short positions in selected shares listed on a recognised Australian exchange.
