Important information

This Product Disclosure Statement ('PDS') provides a summary of significant information you need to make a decision about the Solaris Core Australian Equity Fund ARSN 128 859 898 ('Fund'). It includes references to other important information which is in the Additional Information to the PDS and forms part of this PDS. You can access these documents from the Fund's webpage or you can request a paper copy free of charge by contacting us using the contact details provided.

The information in the PDS is general information only. To the extent the information in the PDS constitutes financial product advice, such advice is general advice only and has been prepared without taking into account your objectives, personal financial situation or needs. Before investing, you should consider the appropriateness of the advice in light of your own objectives, financial situation and needs, and consider obtaining financial advice tailored to your personal circumstances. You should also read the PDS before making any decision about whether to acquire units. The investment offered in the PDS is available only to persons receiving the PDS (electronically or in hard copy) within Australia. Units in the Fund may not be offered or sold within the US, or sold to, or for the account or benefit of, any 'US Persons' (as defined in Regulation S of the US Securities Act 1933, as amended).

All monetary amounts referred to in the PDS and the Additional Information to the PDS are given in Australian dollars and all phone/fax numbers are to phone/fax numbers in Australia (unless otherwise stated). All calculation examples shown are rounded to the nearest whole dollar.

A reference to a 'Business Day' is a reference to a day which is not a Saturday, Sunday or public holiday in New South Wales, Australia.

Neither the Responsible Entity nor Solaris guarantees the performance of the Fund or the return of capital or income.

Updated information

The information in the PDS and Additional Information to the PDS may change over time. The Responsible Entity may update this information where this does not involve a material adverse change and make it available to you, where permitted by law, via the Fund's webpage. You can also obtain updated information by contacting us.

Section 1: About Pinnacle Fund Services Limited

Pinnacle Fund Services Limited

Pinnacle Fund Services Limited ABN 29 082 494 362 AFSL 238371 is the Responsible Entity ('Responsible Entity', 'we', 'our', 'us') of the Solaris Core Australian Equity Fund ARSN 128 859 898 ('Fund').

Pinnacle Fund Services Limited is wholly owned by Pinnacle Investment Management Limited ABN 66 109 659 109 AFSL 322140 ('Pinnacle'). Pinnacle supports the development of high-quality investment management businesses and is the distributor of the Fund.

Solaris Investment Management Limited

We have appointed Solaris Investment Management Limited ABN 72 128 512 621 AFSL 330505 ('Solaris' or 'Investment Manager') as the investment manager of the Fund.

Solaris' investment team believes there are opportunities in both value and growth stocks. Solaris has no consistent bias towards either value or growth stocks. Therefore, their style can be described as 'style neutral' or 'style agnostic'.

Stock selection is Solaris' main area of expertise. Using fundamental analysis, Solaris selects stocks to exploit market inefficiencies in forecasts and valuations. Investment decisions are supported by detailed analysis of the securities and key financial markets with an eye on global perspectives. Solaris applies strict risk controls to minimise the downside risk.

Solaris' competitive advantage

The Solaris investment team is a stable, experienced team comprised of 10 experienced investment professionals who have an average investment experience of 20 years and have, on average, been with the team for 15 years. Solaris' analysts are the portfolio managers. In other words, if an analyst decides a stock should go into the portfolio, that analyst becomes responsible for the performance of that investment.

Fundamental analysis is optimised by analysts being empowered and rewarded as portfolio managers. Analyst management of the portfolio is the most efficient way to capture identified market inefficiencies because the Solaris analyst is the person most familiar with the stock.

The investors' interests are aligned with the investment manager's interests. Solaris team members are remunerated according to individual and team performance. The majority of the investment team are investors in Solaris products and owners of Solaris.

Solaris has a strong track record in both rising and falling equities markets.

Neither the Responsible Entity nor the Investment Manager guarantees the performance of the Fund or the return of capital or income. Your investment in the Fund is subject to investment risk. This could involve delays in repayment and loss of income or the principal invested.

Other Service Providers

Citigroup Pty Limited 88 004 325 080 ('Citi') has been appointed as the Custodian. Apex Fund Services Pty Ltd ('Apex') 81 118 902 891 has been appointed as Fund Administrator and Unit Registry for the Fund.

Section 2: How the Solaris Core Australian Equity Fund works

How does the Fund operate?

The Fund is a registered managed investment scheme. When you invest in the Fund, your money will be pooled with that of other investors and you will be issued 'units'. Each unit held in the Fund gives the unit holder a beneficial interest in the Fund as a whole, but not in any particular asset of the Fund. Holding units in the Fund does not give a unit holder the right to participate in the management or operation of the Fund. Each unit in the Fund offered or issued under this PDS is of equal value and identical rights (as between units of the same class) are attached to all such units.

	We are required by the Corporations Act 2001 (Cth) to treat all unitholders within a class of units equally and unitholders in different classes fairly. We will keep a record of the number of units you hold.								
Applications	You can increase your investment at any time by buying more units in the Fund. When you make an investment in the Fund, your units will be allocated to you based on the entry price for the Business Day your application is processed.								
Minimum investments¹	<table> <tr> <td>Minimum initial investment</td> <td>\$30,000</td> </tr> <tr> <td>Minimum additional investment amount</td> <td>\$5,000</td> </tr> <tr> <td>Minimum withdrawal amount</td> <td>\$5,000</td> </tr> <tr> <td>Minimum investment balance</td> <td>\$5,000</td> </tr> </table> <p>The minimum initial investment amount does not apply to investments through an IDPS.</p>	Minimum initial investment	\$30,000	Minimum additional investment amount	\$5,000	Minimum withdrawal amount	\$5,000	Minimum investment balance	\$5,000
Minimum initial investment	\$30,000								
Minimum additional investment amount	\$5,000								
Minimum withdrawal amount	\$5,000								
Minimum investment balance	\$5,000								
Withdrawal	<p>You can decrease your investment at any time by withdrawing your units in the Fund. When you withdraw, your units will be redeemed based on the exit price for the Business Day on which your withdrawal request is processed. Direct withdrawal requests can be made daily, and must be received by the Unit Registry, prior to 12pm (Sydney time) on a Business Day. Withdrawal requests received after that time, or on a non-Business Day, will be treated as being received on the next Business Day. Electronic transfer of the redemption proceeds can take up to 5 Business Days, however it will often be completed in a shorter period of time.</p> <p>There is a minimum withdrawal amount of \$5,000. If your withdrawal request would result in your investment balance being less than \$5,000, we may treat your withdrawal request as being for your entire investment. We will provide investors with advance notice of any compulsory redemption. The minimum balance does not apply to investments through an Investor Directed Portfolio Service ('IDPS').</p>								
Access to funds	Extreme market conditions can cause difficulties or delays to the Fund being able to sell its assets or requiring it to freeze withdrawals. These circumstances could result in it taking a period of time before you are able to withdraw your investment, or for it taking longer than usual for you to receive your withdrawal proceeds. We will not satisfy a withdrawal request if the Fund becomes illiquid (as defined under the Corporations Act). In certain circumstances we may suspend withdrawals.								
Unit price	<p>A unit price is calculated for every Business Day which is equal to the value of the Fund's net assets attributable to the units divided by the number of units. Generally, the unit price changes daily as the market value of the Fund's assets rises or falls.</p> <p>The entry price is calculated by taking the net asset value of the Fund apportioned to the Class B units and adding to it an amount which reflects the estimated cost of acquiring the Fund's assets attributable to Class B units (subject to the Responsible Entity's discretion to reduce or waive such costs) and dividing the net figure by the number of Class B units on issue in the Fund.</p> <p>The exit price of the Fund is calculated by taking the net asset value of the Fund apportioned to the Class B units and subtracting from it an amount which reflects the estimated cost of selling the Fund's assets attributable to Class B units (subject to the Responsible Entity's discretion to reduce or waive such costs) and dividing the net figure by the number of Class B units on issue in the Fund.</p> <p>Current unit prices for the Fund are available on the Fund's webpage or by contacting us.</p>								
NAV	<p>The Net Asset Value or 'NAV' of the Fund apportioned to the Class B units is calculated by deducting the value of the fees, charges, expenses and other liabilities from the value of the gross assets attributable to the Class B units in the Fund.</p> <p>Current NAV per unit of the Fund is available on the Fund's webpage or by contacting us.</p>								
Unit pricing policy	The Responsible Entity complies with ASIC Class Order 13/655 as it relates to unit pricing requirements and has adopted a compliant policy for unit pricing discretions it uses in relation to the Fund ('Unit Pricing Policy'). Additional documents may be prepared for this purpose from time to time.								
Distributions	<p>Distributions are payable half-yearly as at 31 December and 30 June subject to the Fund having sufficient distributable income. The net distributable income of the Fund is allocated to unitholders on a per-unit basis according to the number of units held in the Fund at the end of the distribution period. Distributable income is calculated annually and is generally sent to unitholders within one month of the last day of the distribution period.</p> <p>A distribution reduces the Fund's net asset value and is therefore reflected in the Fund's unit price.</p> $\text{Your distribution} = \frac{\text{The Fund's distributable income apportioned to Class B units}}{\text{Total number of Class B units on issue}} \times \text{The number of Class B units you hold}$ <p>Distributions will be reinvested for additional units in the Fund unless otherwise instructed.</p>								
Indirect investors	Investors and prospective investors may also access the Fund indirectly. This PDS has been authorized for use by operators through an IDPS or master trust. An IDPS is an investment and reporting service offered by an operator. People who invest through an IDPS, master trust or wrap account are indirect investors. Such indirect investors do not acquire the rights of a unitholder of the Fund. Rather, it is the operator or custodian of the IDPS or master trust that acquires those rights. Therefore, indirect investors do not receive income distributors or reports directly from us, do not have the right to attend meetings of unitholders and do not have cooling off rights. Different investment, balance and withdrawal minimums may also apply. Indirect investors should not complete the Fund's application form. The rights of indirect investors are set out in the disclosure document for the IDPS or master trust. If you are investing through an IDPS or master trust, enquiries should be made directly to the IDPS operator or the trustee of the master trust.								

1. Or less at the discretion of the Responsible Entity. Minimum investments do not apply to IDPS investments; see your IDPS provider.

You should read the important information about 'How the Fund works' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'How the Fund Works' may change between the time when you read this PDS and the day when you sign the Application Form.

Section 3: Benefits of investing in the Fund

The Fund aims to provide investors with access to an actively managed, diversified portfolio of listed Australian securities, as well as in securities expected to be listed on an Australian exchange.

Significant features and benefits

Management expertise | The investment and management expertise of Solaris, a boutique Australian owned equities fund manager providing access to investment opportunities and markets that individual investors usually cannot achieve on their own.

Diversification | The Fund's investments will be spread across a carefully researched and actively managed portfolio of up to 70 different company stocks. This diversification of investments can help reduce overall investment risk.

Investment approach | Solaris selects a diversified portfolio of securities using fundamental analysis to exploit market inefficiencies in forecasts and valuations. Solaris' investment approach involves a detailed analysis of the securities and key financial markets, with an eye on global perspectives.

Investment opportunities | Access to wholesale investment opportunities that may not generally be available to private investors.

Resources | Access to full-time research resources, a rigorous investment process, highly developed risk management expertise, and advanced trading systems and technology.

Section 4: Risks of managed investment schemes

All investments carry risk. All managed investment schemes carry different types of risk which can have varying impacts on returns. Due to uncertainty in all investments, there can be no assurance that the Fund will achieve its investment objectives. The value of your units at any point in time may be worth less than your original investment even after taking into account the reinvestment of Fund distributions. Future returns may differ from past returns. Returns are not guaranteed, and you may lose some or all of your money. You need to consider the level of risk that you are comfortable with, taking into account factors such as your objectives, financial situation and needs.

Risks can be managed but cannot be completely eliminated. It is important to understand that:

- the value of your investment may go up and down;
- investment returns may vary, and future returns may be different from past returns;
- returns are not guaranteed and there is always the chance that you may lose money on any investment you make; and
- laws affecting your investment may change over time, which may impact the value and returns of your investment.

The significant risks for the Fund are:

Concentration risk - The risk associated with a fund that concentrates its investments in a small number of securities or invests in a small subset of an asset class, resulting in possibly higher volatility compared to the broader market index.

Counterparty risk - There is a risk with external counterparty and service provider arrangements that the party to a contract defaults on, or fails to perform, its contractual obligations.

Cyber security risk – Technology is prevalent in the course of business for the Responsible Entity and its service providers making the Responsible Entity susceptible to a breach of cyber security. This may cause the Responsible Entity to lose proprietary information, suffer data corruption or lose operational capacity.

Derivative risk - The Fund may invest in derivatives as part of its investment strategy. A derivative is an instrument whose value is linked to the value of an underlying asset and can be a highly volatile investment instrument.

Equity security risk - The Fund primarily invests in equity securities issued by listed companies. The share price of a security can rise and fall as a consequence of many factors including, but not limited to, economic conditions, adverse investor sentiment, management performance, financial leverage, or factors that affect the company's industry.

Income risk - The Fund may make payments (regular or irregular) as distributions, depending on the income the Fund receives from underlying assets, which may fluctuate significantly in their market value.

Investment strategy risk - The success of the Fund depends upon the Investment Manager's ability to develop and implement investment processes and identify investment opportunities that achieve the investment objectives of the Fund.

Investment structure risk - There are risks associated with investing in the Fund, such as risks of the Fund's termination, changes to investment strategy or structure, changes to fees or expenses, or changes to the Fund's operating rules (such as payments or reinvestments of distributions, or additional investments).

Large transaction risk – The Fund may receive requests for significantly large purchases or redemptions of units. Meeting such requests may cause the Fund to experience abnormally high: cash balances, securities transactions, transaction costs and capital gains.

Liquidity risk - Whilst the Fund is primarily exposed to traded assets traded on any Australian and International exchanges, and which are generally considered liquid, under extreme market conditions there is a risk that investments cannot be readily converted into cash or at an appropriate price.

Market risk - The Fund has exposure to different markets, such as fixed income, equity, or derivative markets, and is not expected to behave like a cash investment. The Fund may be materially affected by market, economic and political conditions globally.

Regulatory risk - The value of some investments may be adversely affected by changes in government policies, regulations and laws, including tax laws and laws affecting registered managed investment schemes.

Unlisted security risk - Unlisted securities can be less liquid or less transparent than listed securities.

Withdrawal risk - If we determine that this is in the best interests of all unit holders, we may suspend or delay withdrawals and these payments may take longer than the typical timeframe.

You should read the important information about 'Risks of Managed Investment Schemes' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'Risks of Managed Investment Schemes' may change between the time when you read this PDS and the day when you sign the Application Form.

Section 5: How we invest your money

WARNING: When it comes to choosing to invest in the Fund, you should consider the likely investment return, the risks and your investment timeframe.

Investment return objective¹	The Fund aims to outperform the S&P/ASX 200 Accumulation Index over rolling 3-year periods.	
Benchmark	S&P/ASX 200 Accumulation Index	
Suggested minimum investment period	7 years or more	
Risk level	High ² .	
Investment guidelines	<p>The Fund will hold between 40 and 70 securities.</p> <p>The Fund can invest in listed Australian securities, as well as in securities expected to be listed on an Australian exchange. In addition, the Fund will seek to remain fully invested with an allowable maximum cash exposure of 5% of total assets at any one time</p>	
Portfolio allocation	Asset Class	Typical Allocation range³
	Australian equities (including derivatives)	95 – 100%
	Cash and cash equivalents ⁴	0 – 5%
Labour standards or environmental, social or ethical considerations	Solaris applies environmental, social (including labour standards) and ethical (incorporating corporate governance) ('ESG') considerations when selecting, retaining or realising the investments of the Fund in addition to other methods in assessing company value. These ESG considerations are generally only taken into account by Solaris to the extent that they may financially affect the investment. It should be noted that Solaris does not have a fixed methodology or weightings for taking into account these ESG risks and each investment opportunity is assessed on a case-by-case basis. Additionally, Solaris may exclude certain securities or sectors based on ESG factors.	
Change to Fund details	We have the right to change the Fund's asset classes, asset allocation ranges and investment return objectives without prior notice. We will inform investors of any material change to the Fund's details via the Fund's webpage or as otherwise required by law.	

- The investment objective is expressed after the deduction of management fees, expense recoveries and taxation, i.e. the investment objective is measured relative to the Fund's Benchmark, after fees and costs and taxes are deducted from the Fund's performance. Refer to Sections 6 and 7 for further information on fees and other costs and taxation. The investment objective is not intended to be a forecast, it is only an indication of what the investment strategy aims to achieve over the medium to long term, assuming financial markets remain relatively stable during that time. The Fund may not achieve its investment objective and returns are not guaranteed.
- The risk level is not a complete assessment of all types of investment risk. It does not address the potential size of a negative return nor the possibility that a positive return may be less than the return expected or required by an investor's objective and is based on the Australian Prudential Regulation Authority Guidance Standard Risk Measure and historic variation of returns.
- The above ranges are indicative only. The Fund will be rebalanced within a reasonable period of time should the exposure move outside of the above
- Excludes cash used for derivatives transactions and exposure.

If for reasons beyond the control of the Investment Manager such as market movements or unit holder transactions, the Fund's investments do not comply with the investment guidelines detailed above, the Investment Manager will remedy the situation as soon as practicable.

You should read the important information about 'How we invest your money' and 'How we keep you informed' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'How We Invest Your Money' may change between the time when you read this PDS and the day when you sign the Application Form.

Section 6: Fees and other costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission ('ASIC')** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This section shows the fees and other costs you may be charged. Taxes are set out in another part of this document. These fees and costs may be deducted from your account, from the returns on your investment or from the Fund assets as a whole. Taxes are set out in Section 7 of this PDS. You should read all the information about fees and costs because it is important to understand their impact on your investment.

WARNING: Additional fees may be paid to a financial adviser if a financial adviser is consulted. The details of these fees and costs should be set out in the Statement of Advice by your adviser.

FEES AND COSTS SUMMARY: SOLARIS CORE AUSTRALIAN EQUITY FUND – CLASS B

Type of fee or cost	Amount	How and when paid
Ongoing Annual Fees and Costs^{1,2}		
Management fees and costs The fees and costs for managing your investment	0.90% p.a. of the NAV of the Fund.	The management fee is calculated on the net asset value of the Fund. It is reflected in the daily unit price and payable monthly in arrears from the Fund. Extraordinary expenses are paid from the Fund assets as and when incurred. ³
Performance fees Amounts deducted from your investment in relation to the performance of the product	Nil	Not applicable
Transaction costs The costs incurred by the scheme when buying or selling assets	Transaction costs are estimated to be 0.00% p.a. of the NAV of the Fund.	Transaction costs associated with dealing with the Fund's assets may be recovered from the Fund. As some transaction costs will be paid for by investors who are charged the buy/sell spread when they enter or exit the Fund, the transaction costs shown are net of buy/sell spread.
Member activity related fees and costs (fees for services or when your money moves in or out of the Fund)		
Establishment fee The fee to open your investment.	Nil	Not applicable
Contribution fee The fee on each amount contributed to your investment.	Nil	Not applicable
Buy/sell spread⁴ An amount deducted from your investment representing costs incurred in transactions by the scheme.	0.30% upon entry and 0.30% upon exit	The buy/sell spread is applied to each application and withdrawal from the Fund and operates to increase the relevant unit price for each new investment and to decrease the unit price for each withdrawal to cover costs of dealing with the Fund's assets.
Withdrawal fee The fee on each amount you takeout of your investment.	Nil	Not applicable
Exit fee The fee to close your investment.	Nil	Not applicable
Switching fee The fee for changing investment options.	Nil	Not applicable

1. Fees are inclusive of GST and net of any applicable Reduced Input Tax Credits ('RITC').

2. Refer to 'Management costs' in the 'Additional Information to the PDS' for more information. Fees and costs may be negotiated for certain investors such as wholesale clients (as defined in the Corporations Act), depending on factors such as the amount invested. Please refer to 'Differential fee arrangements' in 'Additional Information to the PDS' for further information about negotiable fees.

3. Refer to 'Extraordinary' in 'Additional Information to the PDS' for more information.

4. When money moves in or out of the Fund, you may incur a buy/sell spread which is included in the unit price of the Fund. Refer to 'Buy/Sell spread' in 'Additional Information to the PDS' for more information

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for the Fund can affect your investment over a one (1) year period. You should use this table to compare this product with other managed investment products.

Example of fee or cost	Amount	Balance of \$50,000 with a contribution of \$5,000 during the year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs	0.90% p.a.	And , for every \$50,000 you have in the Fund you will be charged or have deducted from your investment \$450
PLUS Performance fees	Nil	Not applicable
PLUS Transaction costs	0.00% p.a.	And , you will be charged or have deducted from your investment \$0 in transaction costs.
EQUALS Cost of Fund	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 ¹ during the year, you will be charged a fee of \$450.	
What it costs you will depend on the investment option you choose and the fees you negotiate.		

1. The example assumes management costs are calculated on a balance of \$50,000 with the \$5,000 contribution occurring at the end of the first year. Therefore, management costs are calculated using the \$50,000 balance only. Additional fees may apply, including a buy/sell spread (refer to 'Additional Information in the PDS' for further information).

Please note that this is just an example. In practice, your investment balance will vary, as will related management costs. Fee rebates may be individually negotiated with wholesale clients (as defined in the Corporations Act). Go to 'Additional Information to the PDS' located at the Fund's webpage for further information about negotiable fees.

We have the right to increase the fees or to charge fees not currently levied up to the maximum limits set out in the Fund constitution without your consent. If we choose to exercise this right, we will provide you with 30 days prior written notice.

You should read the important information about 'Fees and other costs' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'Fees and other costs' may change between the time when you read this PDS and the day when you sign the Application Form.

Section 7: How managed investments schemes are taxed

WARNING: Investing in a registered managed investment scheme may have tax consequences. You are strongly advised to seek professional tax advice.

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. The taxation implications of investing in the Fund can be complex and depend on a number of factors, including whether you are a resident or non-resident of Australia for taxation purposes and whether you hold the units on capital account or revenue account.

Investors are generally subject to tax on their share of taxable income and capital gains attributed to them by the Fund each year.

You should read the important information about 'Taxation' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'Taxation' may change between the time when you read this PDS and the day when you sign the Application Form.

Section 8: How to apply

Direct investors

To apply for units in the Fund directly, please read this PDS together with the Additional Information to the PDS located at the Fund's webpage then complete the Application Form.

Direct applications received, verified and accepted by the Unit Registry prior to 12pm (Sydney time) on a Business Day will generally be processed using the unit price for that day. For applications accepted after 12pm (Sydney time) or on a non-Business Day, generally the next Business Day's unit price will apply.

We reserve the right not to accept (wholly or in part) any application for any reason or without reason. No interest is received on application monies, including monies for additional investments, and no interest will be paid to you if for any reason your application can not be accepted.

Indirect investors

If you are investing through an IDPS or a master trust, enquiries relating to your account should be made directly to the IDPS operator or the trustee of the master trust.

Cooling-off

If you are a retail client (as defined in the Corporations Act) investing directly in the Fund, you have a 14-day cooling-off period. If you exercise your cooling-off rights, we will return your money to you and no fees will apply. However, the amount you receive will reflect any movement (either up or down) in the unit price of the Fund which means that there may be tax implications for you. The 14-day cooling-off period commences on the earlier of the end of the fifth Business Day after we issue the units to you or from the date you receive confirmation of your application.

If you exercise your cooling-off rights, we will return your money to you and no fees will apply. However, the repayment of your investment under the cooling-off rights is subject to market adjustment (either positive or negative) during the period in which the investment has been held. Where appropriate, administration costs may also be deducted, and the buy/sell spread will be applied. Therefore, there may be tax implications for you.

A cooling-off period does not apply to:

- wholesale clients (as defined under the Corporations Act); or
- to the operator of an IDPS or trustee of a master trust. Indirect investors do not have cooling off rights in respect of any units held in the Fund. Speak with the IDPS operator or trustee of a master trust to determine whether any cooling off rights are available to you through the service; or
- where units have been issued as a result of an additional investment, switch or distribution reinvestment plan.

Complaints

The Responsible Entity has in place a procedure for handling all complaints. All complaints should be made by contacting us:

Complaints Resolution Officer

Pinnacle Fund Services Limited

PO Box R1313

Royal Exchange NSW 1225

Email: complaints@pinnacleinvestment.com

Telephone: 1300 010 311

Please include the following information in your correspondence:

- your investor number;
- your preferred contact details; and
- a brief description of your complaint and/or matters that you would like addressed.

All complaints received will be acknowledged in writing within 1 Business Day or as soon as practicable after receiving the complaint. The Responsible Entity will act in good faith to ensure your complaint is investigated and resolved. If your issue has not been satisfactorily resolved within 30 calendar days, you can lodge a complaint with the Australian Financial Complaints Authority ('AFCA'). AFCA provides fair and independent financial services complaints resolutions that is free to consumers. You can contact AFCA at:

Website: www.afca.org.au

Telephone: 1800 931 678 (free call)

Email: info@afca.org.au

In writing to: Australian Financial Complaints Authority, GPO Box 3, Melbourne VIC 3001

Please quote the Responsible Entity's membership number 10252 in communications with AFCA.

The dispute resolution process described in this PDS is only available in Australia.

If you are an indirect investor, you may either contact your IDPS operator or us with complaints relating to the Fund. Complaints regarding the operation of your account with the IDPS should be directed to the IDPS operator. If you have first raised a complaint with your IDPS operator and are not happy with how the complaint has been handled, you should raise that with the IDPS operator or the IDPS operator's external dispute resolution service.

Section 9: Other information

Continuous disclosure documents

The Responsible Entity will comply with the continuous disclosure requirements for disclosing entities under the Corporations Act where the Fund is a disclosing entity. This means that the Fund will be subject to regular reporting and disclosing obligations and copies of documents the Responsible Entity lodges with ASIC for the Fund may be obtained from or inspected at an ASIC office.

The Responsible Entity will also send you free, upon request, copies of:

- the most recent annual financial report for the Fund lodged with ASIC; and
- any half year financial reports for the Fund lodged with ASIC after the lodgment of the most recent annual financial report.

Also, we will comply with our continuous disclosure obligations for the Fund by publishing material information at the Fund's webpage.

Consents

Solaris, Citi and Apex have consented to be named in this PDS in the form and context in which it is named and, as at the date of this PDS, have not withdrawn their consent. Solaris consents to the inclusion of statements about its investment strategy statements about the extent to which it takes labour standards and environmental, social and ethical considerations into account in making investment decisions, information about its investment team, and statements about when Solaris will effect short selling, leverage or derivatives strategies (where relevant). Solaris and Apex have not authorised or caused the issue of any part of this PDS and takes no responsibility for any part of this PDS other than the inclusion of the statements referred to above.

Additional information, privacy and effect of application form

We may provide you with information about the Fund and your investment and collect and disclose your personal information. Also, by signing and returning the Application Form you are agreeing to certain matters, as disclosed on the Application Form.

You should read the important information about 'How we keep you informed', 'Privacy' and 'Additional information' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'How We Keep You Informed', 'Privacy' and 'Additional Information' may change between the time when you read this PDS and the day when you sign the Application Form.
